Subject: FW: Transmittal reports related to the C-8 call
Attachments: C8 testing requests.xlsx

Forwarding the email I sent to ODH. These include addresses that are in the same area but did not get tested in 2007-08

Attached is a list of properties that the owner is request C8 testing. They are within the same area as other pws that received filtration systems in the past. As information regarding the lowering of the C8 standard circulates additional requests are going to happen.

Subject: Transmittal reports related to the C-8 call
Importance: High

Steve,

I was going through our transmittal files and do not have reports on file for the following date ranges for Meigs County:

All of 2010
1Q & 2Q 2013
1Q 2014
1Q & 4Q 2015
1Q 2016

It is my understanding that (especially in the earlier part of this date range) that it was common practice for local health districts to not submit a transmittal report when there had been no permits issued for a quarter. Could you double

check your records and confirm that you had no permits issued during the above listed date ranges? We are working to get all of the transmittal records scanned and will then provide them out.

I really appreciate your help with this,

Rachel L. Townsend, RS
